A.T. WALL COMPANY

*Where imagination and design take shape.*

# METAL COMPONENTS SPECIFICATIONS

**QUALITY** ISO 9001: 2000 Registered  
MIL-I-45208A Inspection System  
MIL-STD-45662A Calibration System

**PROCESS** Drawn Metal Stampings  
Coined Metal Parts  
Precision Stamping  
Plating (Nickel, Gold, etc.)  
Precision Cleaning  
Secondary Fabrication

**ENGINEERING** Extensive in-house tooling services

- Tool Design
- Tool Development
- Tool Building
- Tool Test and Evaluation

**MATERIALS** KOVAR® (29/17, ASTM F-15)  
Stainless & Carbon Steel  
Nickel Silver  
Copper, Brass  
Aluminum  
Silver  
Platinum  
Nickel  
Nickel Alloys  
Tantalum

**SIZE RANGE** Strip size: up to .062 thick  
up to 6.000 wide  
Press: up to 100 tons  
Transfer Press: up to 12 stations  
Draw depths: up to 3.000

NOTE: All dimensions in inches unless otherwise stated. KOVAR® is a registered trademark of Carpenter Technology.

When it comes to the manufacture of deep drawn metal products for high precision industries such as aerospace, defense, automotive, medical, precision batteries and a vast array of other speciality products, designers have come to know and depend on A.T. Wall. Our deep drawn, coined and other sophisticated stamped products are made from state of the art stamping and eyelet presses. Specialized tooling for these presses has been created to meet both standard and custom requirements. In fact, our tooling department is cutting edge, knowing that the tool design is the most critical part of the process.

In addition to our speciality items we're a leading supplier to the frequency control industry. A.T. Wall manufactures and inventories a wide variety of drawn covers and coined metal parts, including those for Crystals, Oscillators and TO products.

Since 1886 A.T. Wall has been the supplier of choice for precision stamping and specialized fabricated metal components for countless industries.

*Whether you're working on a new application or seeking to improve an existing product, put the imagination and design know-how of A.T. Wall to work for you. Contact us today.*
